Due to the big distances between 3 villages during 2009 Harbin Winter Universiade we exceed the number of accredited officials of the delegation called “additional officials”. The policy regarding additional officials is as follows:

The Organizing Committee commits to accept up to two (2) additional officials for the competition site of Maoer Mountain and up to two (2) additional officials for the competition site of Yabuli.

The FNSU will have to clearly explain and justify the additional officials.

The participation fee for the additional officials will be of 45 US\$.

This procedure will not be applied in Harbin.

This “additional officials procedure” will be applied only for delegations who will occupied minimum two (2) villages.

2. Extra officials:

According to FISU Regulations “if a delegation wants to enter more accredited officials than allowed, a special request must be presented to FISU at the time of the Quantitative entries deadline” (art. 5.2.4). The policy regarding extra officials is as follows:

The officials approved exceeding the above mentioned numbers (extra officials) will have to pay a participation fee of 120 US\$, which will include full board and if necessary, the board and lodging will be provided outside the Villages.

14.6.1 Immediately after the competitions or after the determination of the final results, the athlete selected for a doping control shall be handed a notification form by a Doping Control Officer or his representative (escort) and asked to report as soon as possible to the designated doping station but within one hour at the latest. The athlete must bring his accreditation card to the doping control station designated on the form.

The notification must at least contain the following information:

- The athletes name
- Information that the athlete is required to provide a sample
- Information that the athlete may be accompanied by an attendant (team official, doctor, coach, etc.) and an official interpreter

- The athlete's signature confirming that he has taken note of the representative's request
 - The possible consequences if the athlete fails to report for the test one hour within the given time limit
 - The notification shall be in duplicate, and be written at least in English and French.
- 14.6.2 Upon presentation of the notification form the escort shall enter the time of notification and the athlete shall sign the notification form.
- 14.6.3 The escort shall pass the duplicate copy to the athlete, and then the original to the official in charge of the doping control station.
- 14.6.4 In Out Of Competition control the athlete has to report to the designated Doping Control Station immediately.
- 14.6.5 If the athlete refuses to sign the notification form or should the athlete fail to report to the doping control station within the time limit, the fact shall be noted in the Doping Control Form. The Doping Control Form shall be signed by the official in charge of the station and shall be delivered immediately to the Medical Committee Chair or his representative. However, if the test is possible, it shall be carried out.
- 14.6.6 From the time of notification for a doping control until provision of the sample, the athlete shall be escorted to the designated doping control station by a person authorised by the Organisation Committee or FISU in such a way that the athlete is always within sight and not able to manipulate the sample to be given.
- 14.6.7 Should the athlete be required to leave the Doping Control Station, he/she must be observed at all times by an escort.
- 14.6.8 Upon arrival at the doping control station the athlete and the accompanying person shall be attended in the waiting room by a member of the doping control team. The time and the personal data of the athlete shall be noted on the Doping Control Form.
- 14.6.9 The Doping Control Officer shall check the identity of the athlete by means of the accreditation card.
- 14.6.10 The athlete may be searched for evidence of possible manipulation of the urine sample while in the Doping Control Station.
- 14.6.11 In addition to the athlete and the accompanying persons, only authorised persons may be present in the Doping Control Station. Usually this will be:
- Doping Control Officer(s)
 - Member(s) of the FISU Medical Committee
 - Escorts and chaperones

- Interpreter(s)

No representative of the press, television, radio, etc. may be permitted to be present in the Doping Control Station.

14.6.12 The actions for collection of the urine sample will take the following course:

- a) When the athlete indicates he/she is ready to provide a urine sample, the Doping Control Officer shall ensure that the athlete is informed about his/her rights and responsibilities and the sample collection process.
- b) The athlete shall select a sealed collection container with which he/she is satisfied. If the athlete is not satisfied with a container, he/she shall select another container. If the athlete is not satisfied with any containers and no other containers are available, this should be noted on the Doping Control Form and the Doping Control Officer shall instruct the athlete to proceed with the test. However, if the Doping Control Officer and Medical Committee member agree with reasons put forward by the athletes that all available containers do not meet specifications, the Doping Control Officer shall terminate the test and this should be noted in the Doping Control Officer report form.
- c) The athlete shall retain control of the collection container and any sample provided until the sample is sealed. A Doping Control Officer and/or a chaperone may handle the collection vessel only if authorised to do so by the athlete.
- d) The chaperone and the athlete shall proceed to the toilet area to collect a sample.
- e) The chaperone shall directly witness the passing of the sample by the athlete.
- f) Once the athlete has completed passing the sample, athlete and chaperone shall immediately return to the Doping Control Officer who will oversee the processing and sealing of the sample.
- g) The chaperone who witnessed the passing of the sample shall sign the Doping Control Form to verify that the athlete passed the sample.
- h) The Doping Control Officer shall ensure that the volume of the urine sample satisfies laboratory requirements for analysis in full view of the athletes.
- i) Where the volume of urine is insufficient, a partial sample collection procedure shall be conducted.
- j) Where there is sufficient urine, the athlete shall select a urine kit with which he/she is satisfied and in which the sample will be sealed. If the athlete is not satisfied with the urine kit, he/she shall select another kit until satisfied. If the athlete is not satisfied with any urine kits and no others are available, this should be noted on the Doping Control Form and the Doping Control Officer shall instruct the athlete to proceed with the test. However, if the Doping Control Officer and Medical Committee member agree with the reasons put forward by athlete that all available urine kits do not meet specifications, the Doping Control

Officer shall terminate the test and this should be reported to Chair of Medical Committee.

- k) Once a urine kit has been selected, the Doping Control Officer and athlete shall check the kit to determine that it is suitable. If after this inspection the kit is considered unsuitable by the Doping Control Officer, the athlete shall be asked to select another kit. If no additional kits are available, the Doping Control Officer shall terminate the test and no sample shall be secured.
- l) The athlete shall open the kit; pour at least the prescribed minimum volumes of urine into the “A” and “B” bottles.
- m) The Doping Control Officer shall confirm the sample satisfies laboratory requirements for analyses by testing the residual volume of urine remaining in the collection container.
- n) The athlete shall then seal the bottles as directed by the Doping Control Officer.
- o) The athlete and his/her representative will be asked to offer any comments or concerns about the doping control procedure in writing on Doping Control Form.
- p) The Doping Control Officer shall request the athlete to provide information about all medication and other substances used within the last seven (7) days.
- q) The Doping Control Officer shall complete the Doping Control Form.
- r) The Doping Control Officer, athlete, athletes representative (if applicable), and any other person where required shall then sign the Doping Control Form to verify the accuracy of the information.
- s) The Doping Control Officer shall provide a copy of the Doping Control Form to the athlete as he/she leaves the doping control station.
- t) The Doping Control Officer shall discard all residual urine.
- u) If a chaperone observes any unusual behaviour by an athlete while witnessing the passing of the sample the chaperone shall report that fact to the Doping Control Officer as soon as practicable. The Doping Control Officer shall then follow the procedure for investigation and processing possible failures to comply.
- v) If a chaperone is unable to verify that he/she witnessed the passing of the sample or the chaperone reports observing unusual behaviour by the athlete, the Doping Control Officer can require the athlete to provide a further sample. If additional samples are collected, all samples collected shall be sent to the laboratory for analysis.
- w) If a Doping Control Officer observes an athlete failing to comply with any direction made by the Doping Control Officer or chaperone during the sample collection process, the Doping Control Officer shall follow the procedure for investigating and processing possible failures to comply.

14.6.13 The Medical Committee or the Medical Committee member can locally modify this procedure.

14.7 Handling of samples

- 14.7.1 At the end of the doping control session or when a scheduled collection is due, the Doping Control Officer in charge of the station will complete a Doping Control Transport Form, outlining the code numbers, the total number of samples kits, the coded security seal for the transport bag, the site from which they came and the departure time of the courier. The transport form and the corresponding laboratory copy of the Doping Control Form, which do not contain any details identifying the competitor, will be placed in an envelope that will be sealed and sent to the laboratory together with the urine samples.
- 14.7.2 The Doping Control Officer in charge of the station will place the original and a copy of the Doping Control Form, Doping Control Transport Form and notification form and other relevant documents in two (2) envelopes (originals in one and copies in another) to be provided to the Chair of Medical Committee or his representative. For security reasons, the duplicate copy shall be kept sealed in a secure and safe place until one month (1) after the designated event.
- 14.7.3 The sealed transport bag(s) shall be given to the courier upon signature of the Doping Control Transport Form.
- 14.7.4 The courier shall take the sealed transport bag(s) to the laboratory.
- 14.7.5 At the laboratory, a person appointed by the head of the laboratory shall acknowledge receipt of the sealed transport bag(s). The person shall document the time of arrival.

- 14.9.3 If the athlete by writing confirms the doping offence the “B” sample will not be analysed.
- 14.9.4 The analysis of the “B” sample shall be carried out in the same laboratory but by different personnel. A Medical Committee member may supervise the analysis. The athlete and/or the athletes appointed representative has the right to attend the identification, opening and analysis of the “B” sample. This must not delay the analysing of the “B” sample.
- 14.9.5 Should the “B” sample result not confirm the “A” sample result, the athlete may immediately return to competition.
- 14.9.6 The Chair of Medical Committee, upon receipt of information that the B sample confirms the A sample, will notify the athlete, the Head of Delegation or FNSU, the FSI and WADA in writing of the doping offence and the appeals process.

The members shall have had no prior involvement with the case and shall not have the same nationality as the athlete or other person alleged to have violated the anti-doping rules.
- 14.10.2 When it appears, following the Results Management process described in Article 14.9, that these Anti-Doping Rules have been violated in connection with FISU Testing or Testing at a FISU Event then the case shall be assigned to the FISU Doping Hearing Panel for adjudication.
- 14.10.3 The Chair of the Hearing Panel will nominated three (3) members on the committee (including the President) for the hearing. This hearing may be in writing, could use e-mail, conference call or in person.

14.12.2 If the Athlete establishes that he or she bears No Fault or Negligence for the violation, the Athlete's individual results in the other Competition shall not be Disqualified unless the Athlete's results in Competition other than the Competition in which the anti-doping rule violation occurred were likely to have been affected by the Athlete's anti-doping rule violation.

14.13 Consequences to teams

14.13.1 If a member of a doubles team, relay team, or other team in a non Team Sport is found to have committed a violation of these Anti-Doping Rules during an Event, the team shall be Disqualified from the Event.

14.13.2 If a member of a team is found to have committed a violation of these Anti-Doping Rules during an Event where a team ranking is based on the addition of individual results, the results of the Athlete committing the violation will be subtracted from the team result and replaced with the results of the next applicable team member.
