The cities of Rotterdam, Netherlands (1990), Anklam, Germany (1994), Bern, Switzerland (2000) and Mechelen, Belgium (2002) followed afterwards. For its sixth edition the WUC Equestrian has left the European continent for the first time, bringing this championship with its unique atmosphere to Tokyo.

In the afternoon, a number of important meetings took place. The technical staff met at 15h00. The meeting was chaired by Karen Jedema, FISU Technical Chairwoman for Equestrian; Peter Fell, AIEC Technical Delegate; John Vallance, FEI Technical Delegate and Minoru Osada, OC Technical Delegate. The attendants went through all specific details of the WUC.

At 17h00 the CISCA meeting took place. The meeting was chaired by Roch Campana, FISU Secretary-General and was attended by Zen Shen, CIC member; Karen Jedema, Technical Chairwoman, Mitsunori Nagatomo, JUSB and Shigeru Hashimoto, OC. a very active member of FISU. 'The Japanese University Sports Board (JUSB) has always been a very active FISU member. Remember the successful Winter Universiade in Sapporo in 1991 and three unforgettable Summer Universiades, in Fukuoka in 1995 and Kobe and, last but not least, here in Tokyo in 1967, where I had the privilege to participate as an athlete.

In 2000, there was the World University Wrestling Championship. In 2002, JUSB organized the World University Triathlon Championship in Nanao. Now here in Tokyo, the 6th edition of the World University Equestrian Championship is ready to begin and with 104 participants from 20 countries present it promises to be another exhilarating experience for our student athletes.'

Mr. Campana then invited FISU Vice-President Mr. Furuhashi to officially declare open the 6th World University Equestrian Championship. The participants were entertained by a string quartet playing classical music.

drum band or Taiko. Afterwards the twenty participating teams presented themselves on the stage.

On December 3rd, the participants took part in a genuine Japanese tea ceremony in a 'Konnichian' or tea house. First they witnessed the making of the tea and afterwards they were able to taste and prepare the tea themselves according to Japanese tradition.

In the afternoon they visited Tokyo. In the evening the traditional equestrian gala night was organized. During the gala night the pop group Fittlike performed with their WUC song 'Day Light'.

December 4th, 2004 6th WUC Equestrian: Results Day 2

Today, December 4th, was the second day of competitions at the 6th World University Equestrian Championship. The preliminaries of the Show Jumping and the third round of the Dressage were held. John Vallance (AUS), the FIE delegate was very satisfied with the competition so far.

'To me the jumping competitions were very interesting. The general standard of the riders was very high. The horses were very even and we got a good competition. It's always a little problem with borrowed horses, as some respond better to other riders, but this is universal, it doesn't matter. I'm very pleased with the four riders who qualified for the semi-finals. They are very high standard riders, and that's what this competition is about, the cream comes to the top. And I think the course designer did his job and the horses allowed the riders to show their skills. I'm very pleased with it and I think we will have an exciting final.

Some competitors are better in dressage than in jumping, but in this competition you need to be good in both, and if they have a better skill in the dressage than in the jumping, then they may make a little error. A couple of horses refused to jump, for no fault of the rider, but that's what happens with borrowed horses in competitions like these. No rider or horse

6th WUC Equestrian: Results Day 1

Today, rounds 1 and 2 of the Dressage competition were held.

The availability of horses is the key of success if staging an Equestrian Championship. Most of the horses used by the competitors were born in Japan. The body of the horses is therefore a little bit skinnier than usual. The Japanese OC staff worried about it but the competitors are very satisfied with the 82 horses as the quality is very equal, which is an advantage to the riders.

After two rounds, eight riders and four horses are in the competition. The third round of the Dressage competition will start on Saturday, December 4th. Semi-finals and finals will be on Sunday, December 5th. Tomorrow, the participants have a rest day in which they will attend a cultural program.

The results can be downloaded in pdf format by clicking on the links below.
