MESSAGE OF THE PRESIDENT

I am pleased to present the latest edition of our statistical publications, a testament to the remarkable history of the FISU World University Games and the outstanding achievements of our student-athletes.

In 2025, we returned to our origins, with the Torino 2025 FISU World University Games Winter held in Italy's Piemonte region. "Torino" is a name that has a unique significance for the International University Sports Federation. In 1959, Torino hosted the first ever Summer Universiade ten years later after FISU's foundation. Moreover, Primo Nebiolo, FISU President from 1961 to 1999, also contributed to strongly linking Torino and FISU together.

In January 2025, for the very first time in the International University Sports Federation's 75 years of existence, para-student-athletes competed alongside their teammates on the same day and on the same cross-country skiing run and alpine skiing slopes of Pragelato and Bardonecchia. This was a beautiful moment of joy and inclusivity that will remain in everyone's memories for a long time.

Another image that will stay with us is the first FISU ski mountaineering events, held at night on the Sestriere snow.

Over the course of 11 exhilarating days of competition in the 6 venues where the 13 disciplines were held, more than 2,500 student-athletes and staff from 54 countries perfectly illustrated FISU's motto "Excellence in Mind and Body through University Sport". They also undoubtedly made long lasting memories and friendships, and their performances will serve as inspiration and a reference for future generations.

I would like to extend my gratitude to the dedicated team behind this comprehensive publication, which would not have been possible without their meticulous research in compiling these meaningful statistics.

I am confident that this latest edition will prove to be an indispensable resource, reflecting the extraordinary accomplishments and unwavering spirit of the university sport community.

Yours sincerely,

A handwritten signature of Leonz Eder in black ink.

Leonz Eder
FISU PRESIDENT

1.5. EVOLUTION OF THE FISU GAMES SPORTS PROGRAMME

[illegible]

¹ At the Winter Universiade 1995 in Jaca, Snowboard was organised as demonstration sport.

² At the Winter Universiade 2007 in Torino Synchronised Skating was organised as demonstration sport. In 2009, 2011 and 2019 it was part of the compulsory sport programme. Synchronised Skating is considered part of the Figure Skating events at the FISU Games and therefore not counted as separate sport.

³ Until 2013 Ski Jumping and Nordic Combined were included in the compulsory sport programme of the FISU Games.

⁴ From 2023 Freestyle & Freeski were included in the compulsory sport programme of the FISU Games.
