Where the number of Quantitative Entry (3 months prior to the opening ceremony of the Winter Universiade) is larger than the authorised number of athletes, FISU will proceed to a selection.

One or more selection rounds will be made until the maximum number of authorised entries is reached (as described in the table above).

During each selection round a maximum of one athlete or couple per delegation in each event will be selected. With the exception of the 1st round when 2 athletes or couples, from the host country or the top 6 countries from the previous FISU Games may be selected.

The selection order for each round is the following:

- Host country
- NUSFs participating in the most recent FISU Games Figure Skating competitions in the same event category – selection is done following the ranking order (top to bottom) of the latest available FISU Games
- NUSFs who did not participate in the most recent FISU Games Figure Skating competitions will be selected according to a wild card system defined by the FISU ITC (geographical and continental representation, participation history, and development considerations)

A reserve list will be made with the number of athletes that have not been selected from each delegation.

One week after the Quantitative Entry (11 weeks before the opening ceremony of the Winter Universiade), the OC, upon FISU approval, will inform all participating countries of the number of athletes selected for each country and the ones on the reserve list. The final composition of the judges' panel will be defined based on the list of selected athletes (cf. Art. 3.1).

However, in the event of unused entry quota by a NUSF or an athlete's withdrawal, the financial dues to the ITOs (cf. Art 3.3) must still be paid by the NUSF to the OC during the accreditation process upon arrival to the Winter Universiade. If needed, NUSFs on the reserve list will be contacted to take any vacant places.
