Ball for the WUBC

The Organizing Committee has brought out a new souvenir of the World University Baseball Championship – ball produced by the Diamond company. The first ball received Milan Jirásek, the President of the Czech Olympic Committee during the visit of Richard Naylor.

There was a high interest for these balls in 2005, when the European Championship was played. The stocks should stand large onrush of the fans this time.

The Championship itself will be played with the Diamond D1-iX3 with a special printing.
